

Thinking of moving your money to a different bank or opening a new bank account?

Find out what FSCS protection is available by asking your provider these questions:

1. Does FSCS protect your business?
2. How much of my money is protected?
3. If the bank fails, how long will it take to get my money back?
4. What if I have more than £85,000 in my account?
5. What's the compensation limit for a joint account?
6. Which other banks do you share a banking licence with and how could this affect my protection?
7. What would happen to my money if something happened to your business?
8. What happens if I have a 'temporary high balance' in my account, for example, due to a house sale or insurance/divorce payout? Is my money still protected?
9. Am I an eligible type of depositor?
